Mark,

Hope all is well. Please find enclosed an executed copy of the UTAM Subscriber Agreement, as well as the affidavit you will need to file with the FCC.

UTAM's Board of Trustees has voted to suspend the payment of the per radiating clearing fees identified section 3 of the Subscriber Agreement effective August 1, 2008. All units sold prior to this date were required to pay a per radiating device fee of \$0.05 as per the Subscriber Agreement. Any units sold after that date will not be required to pay any fee. In the event that UTAM's financial situation changes, or it's financial obligations cannot be met from the reimbursement expected from the AWS-3 auction, the Board of Trustees reserves the right to reinstate the clearing fees either in their current form, \$0.05 per radiating unit, or any other form the board feels is equitable to the members in order to meet UTAM's financial obligations.

Should you need anything else, or if I can be of assistance in any way, please do not hesitate to get in touch. Good luck with your product launch.

Regards,
